

Our house can get very busy.

I can do my part and stay calm.

I can do my part and be helpful.

I can do my part and be kind.

*I am thankful for the gift of my family and the house
where we live. Help us make our home into a happy
place with family bonds that are loving and strong.*

Family Poem:

**Our family is full of joy,
It can't get any better.
We are all really happy,
Standing together.**

**I am thankful for my family.
It is really fun.
We are full of lots of love,
We are number one.**
